Xumoyun Qadamboyev

+998 (99) 090 34 56 | kadambaevhumoun@gmail.com | Tashkent, Tashkent

Summary

I specialize in front-end development, creating fast, accessible, and visually appealing websites that provide exceptional digital experiences. Although I'm not yet a full-stack developer, I'm close to reaching that goal. With one year of experience in web development, I continue to find excitement in every project as if it were my first.

You can see my GitHub: https://github.com/JOKERxtheatre
